## 1100 Saved Since 2004!!

Coastal Poodle Rescue is an all-volunteer, non-profit, 501(c)(3) organization whose mission is to rescue and rehabilitate abandoned, abused, and homeless poodles and place them in loving "Forever Homes." Our dogs come from many sources – shelters, puppy mills, backyard breeders, and heart-broken owners who can no longer care for them. We have dedicated transporters, vets, and foster families who ensure the dogs are gently moved out of harm's way and into a safe and secure situation. Every dog is examined by a veterinarian, spayed or neutered, and provided any and all necessary medical treatment. We do not maintain a kennel or any facility to house the dogs in our care; instead, every dog is placed with a foster family, who provides a loving environment in which the dog's personality can be assessed. Our foster families help heal the wounds caused by abuse or neglect; life in crowded cages, or the trauma of losing a beloved owner. They are the "ground zero" angels for the dogs we rescue, and mean so much to CPR!

Great care is taken to match a dog with a prospective new family – there are no short-cuts in the process of reference checking and interviews. Our goal is a happy family with a happy dog, and we invest the time to ensure the best result possible.

**But, how do we pay our bills?** Many of our rescues need extensive medical care! It's people like YOU, who donate so generously to help ensure these little dogs recover from the trauma of losing it all --- their loved ones, their secure homes, their trust. Every penny donated goes to care for the dogs ... all the hard work is done by volunteers who help make possible little miracles on four legs.

Please help. Simply send in the form on the back of this newsletter, or check our website for further information. Check the "Take Me Home" page for dogs available for adoption. Thank you for caring so much and speaking up for the little ones who don't have a voice.

## **With the economy down, owner surrenders are up**

*Downsizing a budget may mean getting rid of a pet*

Pet rescues nationwide are experiencing a huge rise in owner-surrenders, and CPR is no exception. Relocation, job loss, foreclosures --- all have lead to a desperate situation for our four-legged loved ones.

**Help us help them ...adopt, donate, foster, sponsor, volunteer!**
