

## MEET AREA COORDINATOR CLAUDIA

I grew up with a poodle who I had for 17 years and have always loved the breed. When I started volunteering for CPR I began to see the enormous need to help these wonderful dogs. Rescue dogs are so special; they really appreciate the human intervention. I have rescued three dogs over the past 4 years. One is a CPR poodle who spent his early years in a breeder's cage and was never socialized properly. Seeing him flourish and play makes me smile every day!

Claudia's Role: Coordinate rescue dogs into foster homes & assist fosters when needed, review adoptions & foster applications, transport dogs, do home visits, emergency foster, attend doggie events with CPR, and post adoptable dogs onto PetFinder and AdoptaPet.com websites.

### Area Events

Monthly Petsmart Meet & Greet—Pembroke Pines (Broward)

Various community events throughout the year  
MORE volunteers will allow us to attend MORE events!

In Broward and Dade County areas, we typically have 1 to 5 foster dogs and 4 CPR approved vets. WE NEED MORE VOLUNTEERS, especially FOSTER homes to accommodate the overwhelming number of dogs we are asked to take in every week.
