

Meet Area Coordinator Dana

I began my "volunteer" journey in July 2007 after adopting the sweetest girl, Amber, from CPR in Dec. 2004. I vividly remember Linda's email pleading for a foster home for a poodle at the local shelter whose time was up. I wasn't sure if I could be a foster mom because I get attached easily but hoped I could make a difference, if only for one dog. Well, 3 years and several fosters later, I'm still here and more involved than I ever could have dreamed! I have 3 amazing dogs of my own...Nikki, Tyler & Kodi (2 poos & a cockapoo). Kodi joined our pack in Feb. 2009 after I fostered him for 5 months and couldn't bear the thought of life without him! OK, so I really have 4 dogs including my foster dog, Jamie, whom I LOVE just as much as my own!

Please consider becoming a foster parent. It's the most important volunteer
